1			
2	Added BJI commitments, updated policy content, update Chairperson name	22 April 2021	S. Teede

1. Purpose

BJ Inc. is committed to meeting all environmental obligations under AS/NZS ISO14001:2015. We will conserve the unique and diverse marine environment and heritage that is the Busselton Jetty.

2. Policy Details

BJ Inc. will undertake its activities in a way that ensures minimal risk of environmental impact and will strive to achieve our environmental objectives.

We are committed to:

- Conserving the marine environment beneath Busselton Jetty and the wider environs of Geographe Bay
- Supporting the Busselton Jetty Environment Foundation
- Being leaders in our role as marine environment managers

This will be achieved by:

- Implementing and adhering to BJI's Environmental Management Plan.
- Educating personnel on their environmental obligations through our induction program and instruction through work procedures.
- Adopt the "Plan, Do, Check, Act" approach to reduce environmental risks to as low as reasonably practicable where they cannot be eliminated.
- Involving personnel impacted by environmental risks in developing controls.
- Ensuring adequate resources are provided to address environmental risks.
- Researching and seeking out opportunities to improve environmental performance and continuously improving procedures.
- Completing Environmental Impact Assessments to analyse our environmental risk, controls and record our footprint.
- Ensuring all relevant environmental legislation is complied with.
